Dr. Timothy Rasinski, Keynote

Building a Solid Reading Foundation through Vocabulary and Fluency Instruction

Dr. Rasinski was our speaker for the OKLA State Conference in April. His presentations were AMAZING! He has agreed to do a follow-up session for Summer Leadership, including discussions of his newest book, *Building Vocabulary with Greek and Latin Roots: A Professional Guide to Word Knowledge and Vocabulary Development*. (2nd Edition)

by [Timothy Rasinski](#) (Author), [Nancy Padak](#) (Author), [Rick Newton](#) (Author), [Evangeline Newton](#) (Author)

As an introductory activity, he sent a link to an article written by his colleagues Rick and Evangeline on how Rick came across roots as a student himself. An easy read and good intro to getting into the book
